

Welcome to our website!

It is with great honor that I serve as your President of the Tax Assessor-Collectors Association. I welcome you to our website, and trust it offers the information you need, whether it be for the status of your education, your colleagues' contact information, or to search Legislative Updates and the Truth in Taxation guide. You can find this information, plus much more under the informative Association Form Downloads tab.

With 2020 at our feet, combined with the immeasurable growth that many of our counties are experiencing, I have chosen this year's theme as, "2020 Vision: Preparing for the Future." So let's keep our eyes wide open and our minds forward-thinking to have one of the most successful years our association has ever had! I look forward to seeing you all at our 2020 conference in Austin, June 7-11!

My best to you all,

Cathy
